

PRE REQUISTIES

CREATE AN ACCOUNT IN CLARIFAI

TEAM ID	PNT2022TMID08369
PROJECT NAME	IOT BASED SMART CROP PROTECTION SYSTEM FOR AGRICULTURE

STEP 1:

Open <http://www.clarifai.com/clarifai-free-account> URL in your browser. Login clarifai account using login button on top right corner of the site.

The screenshot shows a web browser window with the URL <https://www.clarifai.com/clarifai-free-account>. The page features the Clarifai logo and navigation links: Solutions, Platform, Explore Community, Company, Support, Pricing, Login, Start for free, and Talk to an expert. The main content area is titled 'Build AI with Clarifai' and includes a code snippet for a Python API call. A cookie notice is displayed at the bottom, stating: 'The Services use Cookies to enable our servers to recognize your web browser and tell us how and when you visit and use our Services, to analyze trends, learn about our user base, and operate and improve our Services. We may also supplement the information we collect from you with information received from third parties, including information collected using Third Party Cookies. To find out more about the cookies we use, see our [Cookie Notice](#). If you reject cookies, your information won't be tracked when you visit this website. A single cookie will be used in your browser to remember your preference not to be tracked.' The page also has a 'Cookie Preferences' section with 'ACCEPT' and 'REJECT' buttons. The browser's taskbar at the bottom shows various application icons and the system clock indicating 21:11 on 07-11-2022.

```
response = stub.PostModelOutputs(
    service_pb2.PostModelOutputsRequest(
        model_id="{THE_MODEL_ID}",
        inputs=[
            resources_pb2.Input(
                data=resources_pb2.Data(
```

STEP 2:

This page shows dashboard of clarifai and click Create an App button to create an application.
